Graduation

Graduand Assessment

Graduand assessment of enrolled students, who are very close to completing the requirements of their degree, is carried out by the School in April/May and September/October. So that all relevant students are included, final year Thesis students are contacted via email and asked to advise if they expect to complete their degree by the end of the semester. If you do not receive an email but expect to complete your degree please advise the Administrative Officer (Undergraduate Studies), Wendy Liang on wendy.liang@sydney.edu.au.

Once assessment is completed, the Student Centre via Sydney Student systems emails students indicating one of the following:

*Potential Graduand*: Students who will graduate assuming they pass all units of study they are currently enrolled in.

*Insufficient Units*: Students who are very close to completing the requirements of the degree but are missing credit points or have otherwise not fulfilled the requirements of their degree.

If you have any questions concerning your graduand status please contact the 4th Year Adviser for your Engineering Stream.

Information for students who are eligible to graduate

Congratulations!

Your formal documents will not be issued until you have had your degree conferred. If you would like a standard letter of completion urgently, please contact the Administrative Officer (Undergraduate Studies), Wendy Liang on wendy.liang@sydney.edu.au.

Graduation Ceremony
